

## Privacy Policy for VisionDetect.AI

### 1. Introduction

Welcome to VisionDetect.AI, a service provided by Meridian Solutions. We are committed to protecting the privacy of our users while ensuring the ethical and secure use of our face verification, anomaly detection, and Automatic Number Plate Recognition (ANPR) technologies. This Privacy Policy outlines how we collect, use, and safeguard user data while ensuring compliance with applicable regulations.

### 2. Scope

This Privacy Policy applies to all data collected through our VisionDetect.AI platform, including but not limited to:

- Face verification and registration data
- Anomaly detection records
- ANPR (Automatic Number Plate Recognition) data

It governs how we handle personal and biometric data, ensuring responsible data processing in line with industry standards.

### 3. Data Collection and Use

#### 3.1. Data Collection

When using our platform, we may collect the following types of data:

- **Facial data:** Captured images or video frames used for face verification and registration
- **Vehicle data:** License plate images and associated metadata for ANPR detection
- **Anomaly detection data:** Captured images or videos for security monitoring
- **User details:** Unique identifiers such as usernames, timestamps, and device information

#### 3.2. Use of Data

We use the collected data to:

- Verify and register individuals for authorized access
- Detect and report anomalies based on predefined security parameters
- Process ANPR data for automated vehicle recognition and tracking
- Enhance the accuracy and performance of our AI-driven detection models

- Comply with legal requirements, including law enforcement cooperation when necessary

## **4. Biometric and Image Data Handling**

### **4.1. Storage and Security**

- All biometric and ANPR data are stored securely using encryption and access control measures.
- Data retention follows a minimal-storage approach, retaining only necessary information for legal and operational purposes.

### **4.2. Third-Party Access**

- We do not share biometric or personal data with unauthorized third parties.
- When legally required, data may be shared with regulatory authorities under strict confidentiality agreements.

## **5. User Responsibilities**

Users are responsible for:

- Ensuring that they have consent for capturing and processing facial and vehicle data where required.
- Reporting any suspected unauthorized data access or misuse.
- Using the VisionDetect.AI platform in compliance with our terms of use and applicable laws.

## **6. Data Security**

We implement robust security measures, including:

- Encryption for stored and transmitted data
- Role-based access control to prevent unauthorized access
- Continuous monitoring to detect and mitigate security threats However, no security system is completely foolproof, and users should take precautions when sharing personal data.

## **7. Compliance with Legal and Regulatory Requirements**

- We adhere to global privacy laws, including GDPR, CCPA, and other relevant regulations.
- We cooperate with law enforcement agencies in cases of legal investigations and security threats.

## **8. Changes to This Policy**

We may update this Privacy Policy periodically to reflect changes in our practices or regulatory requirements. Any updates will be posted on our website with the latest effective date. Users are encouraged to review this policy regularly.

## **9. Contact Us**

For any questions or concerns regarding this Privacy Policy, please contact us at:
